Class 24 to 'pay it forward'

Class 24 is already making an impact with their **Pay it Forward** projects. Class members formed six teams with the purpose of each team developing and implementing a community stewardship project.

The six projects are as follows:

Team **It's Your Turn** will increase awareness for prostate cancer. The purpose is for men to understand the seriousness of this disease; to stop being ashamed and embarrassed to talk about their bodies; and to save lives. The team will be present at the Scottsdale Stadium Spring Training ball game on March 20.

The **Meet Green** Team's project is to increase awareness of the environmental impact of going green at the city of Scottsdale Libraries. They will do this by providing users of library meeting facilities with the information they need to conduct "green" meetings.

Team **Classroom Wishes'** project provides the necessary tools to maximize the educational experiences of local K-8 students by establishing public/private partnerships. Local businesses can "adopt" area schools and assist in fulfilling educators' unmet needs.
